به نام خدا

شرکت محترم حمل و نقل بین المللی عضو و غیرعضو
موضوع: برگزاری پنجمین کنفرانس و نمایشگاه بین المللی «کریدورهای حمل و نقل و ترانزیت؛ اتصال و توسعه (ITTC 2026) در ترکمنستان آذرماه ۱۴۰۵

با سلام

احتراماً، بدین وسیله به اطلاع می‌رساند، پنجمین کنفرانس و نمایشگاه بین المللی «کریدورهای حمل و نقل و ترانزیت؛ اتصال و توسعه» (ITTC 2026) از ۳ تا ۵ آذرماه ۱۴۰۵ (۲۴ تا ۲۶ نوامبر ۲۰۲۶) در عشق‌آباد، ترکمنستان برگزار خواهد شد.

این رویداد با مشارکت وزارتخانه‌ها و سازمان‌های ذی‌ربط ترکمنستان، با هدف توسعه کریدورهای بین المللی حمل و نقل و ترانزیت، ارتقای همکاری‌های منطقه‌ای و بین المللی، معرفی ظرفیت‌های لجستیکی، توسعه زیرساخت‌های حمل و نقل، فناوری‌های نوین، سرمایه‌گذاری و گسترش تعاملات تجاری برگزار می‌شود و از مهم‌ترین رویدادهای تخصصی حوزه حمل و نقل و لجستیک در منطقه به شمار می‌رود.

در حاشیه این رویداد، نمایشگاه تخصصی، نشست‌های تخصصی، جلسات B2B و B2G، معرفی پروژه‌های سرمایه‌گذاری، ارائه آخرین دستاوردهای حوزه حمل و نقل و لجستیک و مراسم امضای تفاهم‌نامه‌های همکاری برگزار خواهد شد.

مراتب برای شرکتهایی که تمایل به حضور و مشارکت در این نمایشگاه را دارند، پیوست تقدیم حضور میگردد

با تشکر

قاسم حبیب‌پور

ITTC 2026

INTERNATIONAL CONFERENCE & EXPO

ABOUT ITTC 2026

International Transport and Transit Corridors: Connectivity and Development – 2026 (ITTC 2026) is an international conference and exhibition that brings together representatives of government authorities, businesses, international organizations, and industry experts to discuss the development of transport corridors, logistics, digital infrastructure, and international cooperation.

FORUM OBJECTIVE

The primary objective of ITTC 2026 is to promote the development of international transport corridors and strengthen Turkmenistan's role as a key transport and logistics hub in the Eurasian region.

The forum's key objectives include:

- discussing the future development of international transport routes and transit corridors;
- expanding international cooperation in transport, logistics, and infrastructure;
- attracting investment in transport and logistics projects;
- promoting innovative and digital solutions for the transport sector;
- advancing public-private partnerships;
- creating new opportunities for business networking and the implementation of joint projects

ITTC 2026

INTERNATIONAL CONFERENCE & EXPO

WHY TURKMENISTAN?

Owing to its strategic location at the crossroads of major Eurasian transport routes, Turkmenistan plays a significant role in the development of international transport corridors and the establishment of a modern logistics infrastructure connecting Asia, Europe, and the Middle East.

Value for international business

The forum provides companies and investors with valuable opportunities to establish business connections, identify strategic partners, showcase projects, enter new markets, and expand international cooperation.

KEY FOCUS AREAS

Exhibition

The ITTC 2026 Exhibition will serve as a platform for showcasing cutting – edge technologies, infrastructure projects, and innovative solutions in transport, logistics, and digital connectivity. Participants will have the opportunity to present their products and services, establish valuable business connections, and develop new partnerships.

Key exhibition sectors

1. Transport infrastructure and logistics
2. Maritime and port infrastructure
3. Aviation and air cargo
4. Digital logistics and smart solutions
5. Transport technologies and innovation
6. Investment and infrastructure development
7. Sustainable transport and green solutions
8. Trade and industrial services

ITTC 2026

INTERNATIONAL CONFERENCE & EXPO

FORUM PROGRAMME

Plenary session

«Global connectivity and the future of eurasian transport corridors»

The flagship session of the forum will focus on the development of international transport corridors, investment opportunities, technological innovation, and strengthening cooperation between governments and the private sector.

Thematic sessions

«The middle corridor and trans – caspian connectivity»

This session will explore the development of the Trans-Caspian International Transport Route (Middle Corridor), regional connectivity, and expanded cooperation among Eurasian countries in trade, transport, logistics, and investment.

«Digital logistics and smart infrastructure»

Participants will discuss advanced digital technologies, logistics process automation, intelligent transport systems, and the implementation of innovative solutions to improve the efficiency of international transportation.

«Investment opportunities in transport infrastructure»

The session will focus on strategic infrastructure projects, public – private partnership (PPP) mechanisms, investment attraction, and international financial cooperation in the transport sector.

ITTC 2026

INTERNATIONAL CONFERENCE & EXPO

«Aviation, air cargo, and air connectivity»

This session will address the development of the aviation industry, expansion of air cargo services, modernization of airport infrastructure, and strengthening of international air connectivity.

«Sustainable transport and green corridors»

Experts will discuss environmentally sustainable transport solutions, green logistics, carbon footprint reduction, and the implementation of international sustainability standards across the transport sector.

KEY FORMATS

- Plenary session
- Thematic sessions
- B2B – B2G meetings
- Investment meetings
- Roundtable discussions
- Company and project presentations
- Signing ceremony for agreements and Memoranda of understanding (MoUs)

EXPECTED FIGURES

- 25+ participating countries
- 100+ companies
- 500+ delegates
- 1 000+ professional visitor
- 100+ scheduled B2B and B2G meetings
- 10+ partners and sponsors

ITTC 2026

INTERNATIONAL CONFERENCE & EXPO

ITTC 2025: RESULTS and ACHIEVEMENTS

In 2025, Ashgabat hosted the International Conference and Exhibition "International Transport and Transit Corridors: Interconnection and Development – ITTC 2025," bringing together representatives of the transport, logistics, and related industries from around the world.

KEY FIGURES

- 500 + delegates, experts, and executives
- 350 + official delegations
- 80 + international exhibiting companies
- 20 + participating countries
- 100 + B2B meetings and business negotiations

KEY TOPICS

- International transport corridors
- Logistics and multimodal transportation
- Maritime, rail, and air transport
- Digitalization of transport infrastructure
- Innovative solutions for the transport and logistics sector

ITTC 2026

INTERNATIONAL CONFERENCE & EXPO

ITTC 2025 Participants

KEY OUTCOMES

- Productive discussions were held between government authorities and the international business community.
- Projects aimed at developing transport corridors and logistics infrastructure were presented.
- Participants explored the digital transformation of the transport sector and the implementation of innovative technologies.
- New business connections were established, creating opportunities for future partnerships and international cooperation.

ITTC 2025 reaffirmed its position as one of the leading international platforms for dialogue and cooperation in the development of transport, logistics, and transit infrastructure across the region.

HOW TO PARTICIPATE

Go to registration

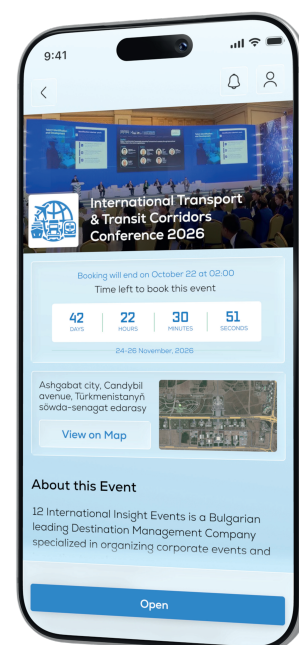

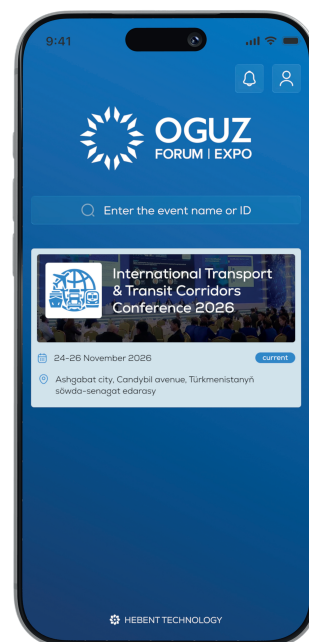

To submit an application and register as a participant, please use the platform: app.oguzorum.com

Download the mobile application

- A QR code for downloading the application via App Store or Google Play is available on the registration page or the event website.
- Find the event in the app and complete the initial registration.
- After the application is reviewed and participation is confirmed by the organizers, and after payment of the registration fee and signing of the required documents, a personal access code will be sent to the provided email address
- Enter the access code in the application to activate your participant profile
- Fill in your participant and company profile, including contact details, business sector, and description of products and services.
- Once registration is completed, you will gain full access to the platform's features: forum agenda, B2B meetings, business contacts, and meeting scheduling.

ITTC 2026
INTERNATIONAL CONFERENCE & EXPO

Invitation Letter

Dear Sir or Madam,

We are honored to invite you to participate in the International Forum and Exhibition "International Transport and Transit Corridors: Interconnection and Development - 2026" (ITTC 2026), which will be held in 2026 in Ashgabat, Turkmenistan.

ITTC 2026 is an international platform that brings together representatives of government authorities, international organizations, financial institutions, transport and logistics companies, investors, and industry experts to discuss current issues related to the development of international transport corridors, logistics, digital infrastructure, and sustainable transport connectivity.

The Forum will address the prospects for the development of Eurasian transport routes, the strengthening of international cooperation in the fields of transport and logistics, the implementation of innovative technologies, as well as the expansion of investment cooperation and public-private partnerships.

The event program includes a plenary session, thematic panel discussions, a specialized exhibition, presentations of investment and infrastructure projects, as well as B2B and B2G meetings. Participation in the Forum will provide an opportunity to establish new business contacts, exchange professional experience, and discuss prospects for the implementation of joint projects.

We would be delighted to welcome you among the participants of ITTC 2026 and are confident that the Forum will provide excellent opportunities for professional networking, the exchange of views, and the development of business relations.

ITTC 2026
INTERNATIONAL CONFERENCE & EXPO

О форуме ITTC 2026

«International Transport and Transit Corridors: Connectivity and Development – 2026» (ITTC 2026) is an international forum and exhibition dedicated to the development of transport corridors, logistics, digital infrastructure, and international cooperation. The event brings together representatives of government bodies, international organizations, financial institutions, transport and logistics companies, investors, and industry experts to discuss current trends and future prospects in global transport connectivity.

The Forum serves as a platform for professional dialogue, exchange of experience, and the development of practical solutions aimed at improving efficient transport routes, enhancing logistics processes, and strengthening international cooperation.

ITTC 2026
INTERNATIONAL CONFERENCE & EXPO

Objectives and Tasks

The main objective of ITTC 2026 is to promote the development of international transport corridors and to strengthen the role of Turkmenistan as an important transport and logistics hub of the Eurasian region.

Among the key tasks of the Forum are:

- discussing the prospects for the development of international transport routes and transit corridors
- expanding international cooperation in the field of transport, logistics, and infrastructure
- attracting investment into transport and logistics projects
- promoting innovative and digital solutions in the transport sector
- developing public-private partnerships
- creating new opportunities for business interaction and the implementation of joint projects

ITTC 2026
INTERNATIONAL CONFERENCE & EXPO

Objectives and Tasks

Strategic Importance of the Event

In the context of the transformation of the global economy and changes in global logistics chains, the development of transport connectivity is becoming one of the most important factors of sustainable growth. ITTC 2026 serves as an international platform for discussing current issues of transport integration, expanding transit capabilities, and improving the efficiency of international transportation.

The Forum highlights the strategic role of Turkmenistan as a country located at the crossroads of key transport routes of Eurasia, and contributes to strengthening cooperation between countries, international organizations, and the business community in the interest of developing modern, reliable, and sustainable transport systems.

ITTC 2026
INTERNATIONAL CONFERENCE & EXPO

Exhibition Section

1. Transport Infrastructure and Logistics

Railway systems, road transport networks, multi-modal terminals, logistics hubs , and transport corridor development projects.

2. Maritime and Port Infrastructure

Port development technologies, Caspian Sea logistics, shipping services, container handling systems, and solutions for maritime connectivity.

3. Aviation and Air Cargo Transport

Air transport services, cargo airlines, airport infrastructure, aviation logistics hubs, and air transport technologies.

4. Digital Logistics and Intelligent Solutions

AI-based logistics systems, digital freight platforms, blockchain solutions, " smart customs," IoT, and supply chain digitalization.

5. Transport Technologies and Innovations

Smart mobility systems, autonomous transport solutions, tracking technologies, and intelligent transport systems (ITS).

6. Investment and Infrastructure Development

Public-private partnerships (PPP), financial institutions, infrastructure investment projects, and international development programs.

7. Sustainable Transport and Green Solutions

Eco-friendly logistics, low-carbon transport technologies, energy-efficient systems, and ESG-oriented solutions.

8. Trade and Industrial Services

Freight forwarding services, trade logistics, industrial equipment for the transportsector, and related services

ITTC 2026
INTERNATIONAL CONFERENCE & EXPO

Plenary Session

The Plenary Session, “Global Connectivity and the Future of Eurasian Transport Corridors,” will serve as the central event of ITTC 2026. It will bring together senior representatives of government authorities, international organizations, financial institutions, transport and logistics companies, and leading industry experts to discuss the prospects for the development of international transport corridors, enhancing regional connectivity, the role of innovation and investment in transport infrastructure, as well as developing practical solutions for the implementation of major projects and strengthening cooperation between the public and private sectors.

Session 1

Middle Corridor and Trans-Caspian Connectivity

This session is dedicated to the development of the Trans-Caspian International Transport Route (Middle Corridor), strengthening regional connectivity, and expanding cooperation among the countries of Eurasia in the fields of trade, transport, logistics, and investment.

Session 2

Digital Logistics and Intelligent Infrastructure

Participants will explore modern digital technologies, the automation of logistics processes, intelligent transport systems, and the implementation of innovative solutions to improve the efficiency of international transportation.

ITTC 2026
INTERNATIONAL CONFERENCE & EXPO

Session 3

Investment Opportunities in Transport Infrastructure

The session will focus on promising infrastructure projects, public-private partnership (PPP) mechanisms, investment attraction, and international financial cooperation in the transport sector.

Session 4

Aviation, Air Cargo Transport, and Air Connectivity

This session is dedicated to the development of the aviation sector, the expansion of air cargo transportation, the modernization of airport infrastructure, and the strengthening of international air routes.

Session 5

Sustainable Transport and Green Corridors

Experts will discuss environmentally sustainable transport solutions, the development of green logistics, the reduction of carbon emissions, and the implementation of international sustainable development standards in the transport sector.

ITTC 2026
INTERNATIONAL CONFERENCE & EXPO

Round Table Discussions

As part of the Forum, round table discussions will provide a platform for exchanging views, discussing practical case studies, and developing joint strategies.

Special Sessions: B2B / B2G Meetings

Special emphasis is placed on B2B and B2G meetings, providing participants with the opportunity to establish business contacts, discuss specific projects, and conclude cooperation agreements.

Presentation Hall

The Presentation Hall provides companies with an opportunity to showcase new products, technologies, and projects, as well as present their innovations and investment proposals. The venue offers direct access to a professional audience, helps expand business networks, and attract potential partners.

Memorandum Signing Ceremony

An official part of the program during which participants formalize the agreements reached and confirm their intentions for future cooperation. The ceremony is held in a formal setting and contributes to strengthening business relationships.

ITTC 2026
INTERNATIONAL CONFERENCE & EXPO

Media and PR Support

Media and PR support is an integral part of ITTC 2026 and plays a key role in ensuring broad international coverage of the Forum and Exhibition, while promoting participants, projects, and investment initiatives on a global scale.

Media coverage

The ITTC 2026 Forum and Exhibition will receive extensive coverage across national and international media, including television, print publications, industry media, and digital platforms. Comprehensive media support will ensure a high level of visibility for participants while enhancing their institutional and corporate image within the international professional community.

Media Partnerships

The organizers of the Forum actively cooperate with leading international and industry media partners, including New Central Asia, CCTV, TRT, and MIR 24, to ensure broad media coverage and effective promotion of the key topics of the event. Within the framework of this partnership, analytical materials, press releases, interviews with speakers and participants are prepared and distributed, while the Forum is actively covered across social media, digital media, and other communication channels. This contributes to increasing its international visibility and attracting a targeted professional audience.

ITTC 2026
INTERNATIONAL CONFERENCE & EXPO

Advertising and Promotional Opportunities for Participants

Participants of ITTC 2026 are provided with a wide range of advertising and sponsorship opportunities aimed at promoting brands, projects, and investment initiatives. These include logo placement on exhibition stands and official materials, participation in sponsorship packages, integration into official Forum media campaigns, as well as the use of both digital and offline promotional formats. This ensures effective engagement with the target international audience and enhances the commercial and institutional value of participation.
